Moderato

You've sang your songs of ev-'ry clime and na-tions on the earth, But
Our coun-try is up-set just now with strikes on ev-'ry-where But

there is one have in mind the na-tion of our birth. We've
things will change and good times come to us so nev-er fear So

fought our wars and won them all And I am tell-ing you, We
keep your cour-age up my boys The clouds will pass a-way, And

love our land of lib-er-ty And we are all true blue.
you'll be glad you sang this song I wrote for you to-day.
